COMPANY SUMMARY

Evolution Electrical Contractors is a union-signatory C-10 electrical contractor based in Oceanside, CA, specializing in commercial, multi-family, industrial, and public works electrical construction and service. Core work includes service, maintenance, and repair; main and sub panel replacements; SDG&E service and power upgrades; LED retrofits; EV charging and backup power infrastructure; and electrical equipment replacement. As a certified small business and IBEW Local 569 / NECA signatory contractor, our field team works under our union agreement — prevailing-wage compliance and certified payroll are native to how we operate, not an adjustment.
